Building a **LEGACY OF FAITH**
that includes everyone!

Building a LEGACY

Dear Eastport Bible Church,

These next months and years possess the rare potential of echoing into the lives of future generations in our church, our community, and far beyond for the name of Jesus.

The best part?

We can each participate in these pivotal moments!

Making a Lasting Impact Together,

Pastor Kaleb

and the Board of Elders

The PROBLEM:

Eastport Bible Church has historically had a **thriving ministry to children and youth**, in a region where this is uncommon.

At times we have been forced to limit participation because:

- An event planned in the basement limits the participation of our seniors
- Gym use is dependent on the school's availability
- We have had to cancel ministry to make room for a wedding or funeral
- We have had to cancel events when the weather does not allow us to be outdoors
- We have far too many scheduling conflicts due to our limited space and **expanding opportunities**

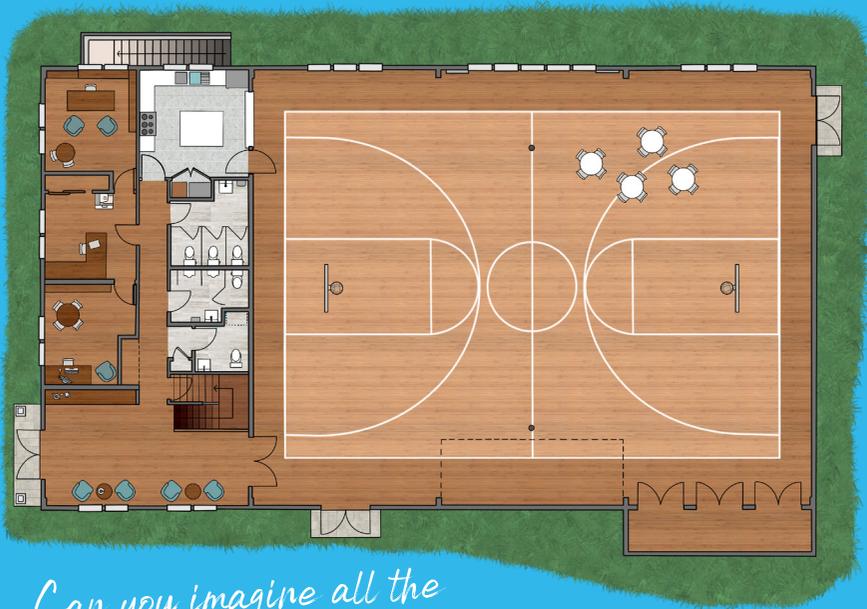

Too often we have had to limit, cancel, or exclude because of our current space limitations

The OPPORTUNITY:

We are excited to pursue ministry without limits, with room for everyone in our community to participate and to be introduced to Jesus!

- Gym with court space for sports of all kinds
- Collapsible stage with speakers
- Seating for 450 people for presentations and gatherings
- Fitting 215 people at tables for various events & meals
- New kitchen
- Handicap bathrooms
- Offices and meeting spaces
- Heating and air conditioning for year-round use
- Paved parking lot and cement sidewalks for universal access
- Landscaping and green spaces for outdoor events

Can you imagine all the ways this space can be used?

WHERE WE GOT THE NAME:
“UNLIMITED POTENTIAL”

Not only do we have potential to no longer be limited by our space, but we can invite our community to meet Jesus in numerous new ways!

This will be a space with **UNLIMITED POTENTIAL** not only for our current ministries and people, but for community connection for generations to come.

We look forward to a day when we are not forced to limit but are excited to invite, because there is room for everyone!

A window of OPPORTUNITY:

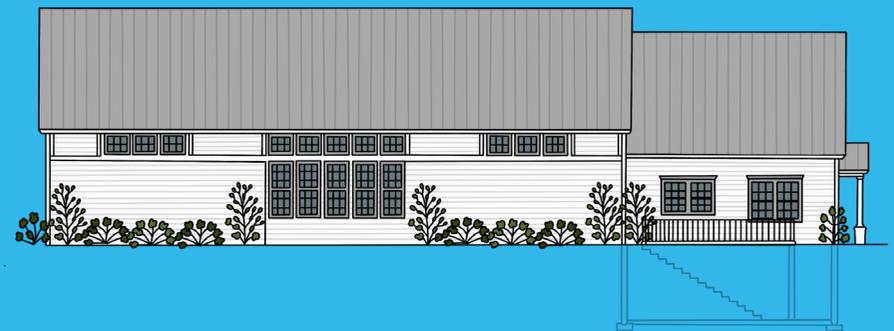

We have been blessed with people who have skills, expertise, and experience directly related to the design, approval, and construction of this building. God has already been working so that we are now perfectly positioned to take action!

Can you imagine the impact this space could have had if it was available during this pandemic, or for the last 10 or 20 years?

Let's not look back years from now and wish we had taken action, let's act now for the lives of people in our church and community for Christ!
